## 2.0 METHOD OF RECORDING BANKING TRANSACTIONS

### RECORDING OF DEPOSITS

In case of deposits into the bank, the customer debits the Bank Account because bank is the receiver and the bank credits the Customer's Account because customer is the giver.

### RECORDING OF WITHDRAWALS

In case of withdrawals from the bank, the customer credits the Bank Account because bank is the giver and the bank debits the Customer's Account because customer is the receiver.

### ITEMS TO BE SHOWN ON THE DEBIT SIDE AND CREDIT SIDE

1. What is shown on the debit side of the Customer's Cash Book (Bank Column) appears on the credit side of the Customer's Account in the bank ledger.
2. What is shown on the credit side of the customer's Cash Book (Bank Column) appears on the debit side of the Customer's Account in the bank ledger.

Nature of Balance in Cash Book and Pass Book

1. When the Cash Book (Bank Column) shows debit balance, the Pass Book shows credit balance.
2. When the Cash Book (Bank Column) shows credit balance (i.e., Overdraft), the Pass Book shows debit balance (i.e., Overdraft.).

### TUTORIAL NOTES

1. Debit Bank Balance as per Cash Book = Credit Bank Balance as per Pass Book
2. Credit Bank Balance (i.e., Overdraft) as per Cash Book = Debit Bank Balance (i.e., Overdraft) as per Pass Book.

## 3.0 TIMINGS OF RECORDING BANKING TRANSACTIONS IN CASH BOOK

Timings of recording Banking transactions in Cash Book and Pass Book need not necessarily be same. These may differ due to various reasons. Timings of recording some of the banking transactions in Cash Book and Pass Book are summarised as follows:

<i>Transactions</i>	<i>Timings of Recording in Cash Book</i>	<i>Timings of Recording in Pass Book</i>
1. <b>Cash Deposits</b>	when Cash is deposited	when Cash is deposited
2. <b>Cash Withdrawn</b>	when Cash is withdrawn	when Cash is withdrawn
*3. <b>Cheque issued</b>	when Cheque is issued	when Cheque is presented for payment
*4. <b>Cheque Deposited</b>	when Cheque is deposited	when Cheque is collected
*5. <b>Bank Charges</b>	when Pass Book is received	when charges are levied
*6. <b>Interest Charged by Bank</b>	when Pass Book is received	when interest is charged by the Bank
*7. <b>Interest Allowed by Bank</b>	when Pass Book is received	when interest is allowed by Bank
*8. <b>Direct Payment by Bank</b>	when Pass Book is received	when payment is made by Bank <b>on behalf of customer</b>
*9. <b>Direct Collection by Bank</b>	when Pass Book is received	when amount is collected by Bank <b>on behalf of customer</b>
*10. <b>Dishonour of Cheque/Bills receivable</b>	when Pass Book is received	when Cheque/B/R is dishonoured

\* Because of Difference in the timings of recording of these transactions the Bank Balance as per Cash Book differs from Pass Book.

**4.0 MEANING AND PURPOSE OF BANK RECONCILIATION STATEMENT****WHAT A PRUDENT CUSTOMER SHOULD DO?**

When the customer receives the Bank Pass Book (or Bank Statement), he should compare its entries with those in the Cash Book. Normally, entries in the Bank Column of Cash Book should tally with those in the Pass Book and the balances shown by both the books should also be the same. But in practice, these balances generally differ due to difference in the timings of recording of some transactions. In case of disagreement in the balances of the Cash Book and the Pass Book, the need for preparing Bank Reconciliation Statement arises. Now the question arises, What is Bank Reconciliation Statement?

**MEANING OF BANK RECONCILIATION STATEMENT**

Bank Reconciliation Statement is a statement which reconciles the Bank Balance as per Cash Book with the Balance as per Bank Pass Book (or Statement), by showing all causes of differences between the two.

**PURPOSE OF BANK RECONCILIATION STATEMENT**

Bank Reconciliation Statement is prepared to reconcile the Bank Balance as per Cash Book with the Balance as per Bank Pass Book (or Bank Statement) by showing all causes of differences between the two and to take necessary follow-up action.

**5.0 DISTINCTION BETWEEN BANK STATEMENT AND BANK RECONCILIATION STATEMENT**

Bank Statement differs from the Bank Reconciliation Statement in the following respects:

<b>Basis of Distinction</b>	<b>Bank Statement/Pass Book</b>	<b>Bank Reconciliation Statement</b>
<b>1. Who prepares</b>	It is prepared by the <b>Bank</b> .	It is prepared by the bank <b>Customer</b> i.e., account holder.
<b>2. Object</b>	It is prepared <b>to inform the customer about all transactions</b> which have taken place during the period covered by the Statement.	It is prepared <b>to reconcile</b> the bank balance as per cash book with the bank balance shown by the Bank Statement.
<b>3. Timing When Prepared</b>	It is prepared <b>for a particular period</b> .	It is prepared on a <b>particular date</b> .
<b>4. Necessity</b>	It is <b>compulsory</b> for the bank to prepare it.	It is <b>not compulsory</b> .
<b>5. Contents</b>	It shows — (a) Dates of Transactions (b) Particulars of Transactions (c) Withdrawals (d) Deposits (e) Balances	It shows — (a) Causes of disagreement & (b) Amount thereof
<b>6. Starting Amount</b>	It starts with the balance as per customer's account in bank ledger.	It may start with bank balance as per cash book or Bank Statement.
<b>7. Final Result</b>	It shows the balance in customer's account as per bank ledger at the end of the period.	It may show the bank balance as per cash book or Bank Statement at the end of period.

## 6.0 CAUSES OF DISAGREEMENT BETWEEN THE BALANCE SHOWN BY THE CASH BOOK AND THE BALANCE SHOWN BY THE PASS BOOK

Basically the differences between the Book Balance as per Cash Book and Bank Balance as per Pass Book are caused by:

- (a) Timing Difference of recording of the transactions
- (b) Errors in Cash Book committed by the account holder
- (c) Errors in Pass Book committed by the Bank.

The causes of disagreement between the balance shown by the Cash Book and the balance shown by the Pass book can be classified as follows:

1. **Transactions that usually appear in the Cash Book but not in the Pass Book:**
  - (a) Cheques issued but not yet presented for payment,
  - (b) Cheques deposited but not yet collected by Bank.
2. **Transactions that usually appear in the Pass Book but not in the Cash Book:**
  - (a) Bank charges and interest on overdraft debited in Pass Book only,
  - (b) Interest allowed in Pass Book only,
  - (c) Direct Payment by a customer into the bank but not yet recorded in Cash Book,
  - (d) Direct Payment made by a Bank under the standing instructions of the customer but not yet recorded in Cash Book,
  - (e) Bills Receivable directly collected by Bank,
  - (f) Cheque deposited for collection, returned dishonoured and recorded in Pass Book only,
  - (g) Discounted Bills dishonoured but not yet recorded in Cash Book.
3. **Errors in Cash Book (e.g. Cheques/Cash Deposited but not recorded)**
4. **Errors in Pass Book (e.g. Cheques/Cash Deposited recorded in another Customer's account).**

## 7.0 PRACTICAL STEPS FOR PREPARING THE BANK RECONCILIATION STATEMENT

**Step 1** → Compare the items appearing on the debit side of the Cash Book with those appearing on the credit side of the Pass Book (deposit column), and place a tick mark against items appearing in both the books and note down the unticked off entries which are considered as causes of difference.

**Step 2** → Compare the items appearing on the credit side of the Cash Book with those appearing on the debit side of the Pass Book (withdrawal column), and place a tick mark against items appearing in both the books and note down the unticked off entries which are considered as causes of difference.

**Step 3** → Take the Balance as per Cash Book as the starting point and add items which have the effect of higher balance in the Pass Book and deduct those which have the effect of lower balance in the Pass Book [Refer to Table 1]

**OR**

Take the Balance as per Pass Book as the starting point and add items which have the effect of higher balance in the Cash Book and deduct those which have the effect of lower balance in the Cash Book [Refer to Table 2].

#### TUTORIAL NOTES

An overdraft (i.e., Credit Balance in Cash Book or Debit Balance in Pass Book appears as a 'Minus Items'. The treatment with regard to items causing difference between the balances of the two books remains the same.

### 8.0 PREPARATION OF BANK RECONCILIATION STATEMENT

Preparation of Bank Reconciliation Statement has been explained below with respect to each cause of disagreement between the balance as shown by Cash Book (Bank Column) and the balance as shown by the Bank Pass Book:

**CHEQUES ISSUED BUT NOT YET PRESENTED FOR PAYMENT**

Due to the time gap between the issue of cheques and their presentment for payment at bank, the bank balance as per Pass Book will be higher than the Bank balance as per Cash Book since the customer credits the bank's account as soon as a cheque is issued but the bank debits the customer's account only when the cheque is actually presented for payment.

**Example** X Ltd. issued a cheque in favour of a creditor on 28th March, for a sum of ₹ 5,000. The cheque is presented for payment at bank on 4th April. In case, the bank sends a statement of account upto 31st March, there will be a difference of ₹ 5,000 between the balance as shown by the Cash Book and the balance as shown by the Pass Book. If the bank balance as per Cash Book as on 31st March, is ₹ 50,000, the Bank Reconciliation Statement may be prepared as under:—

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. <i>Add:</i> Cheques issued but not yet presented for payment till 31st March	5,000
C. Balance as per Pass Book (A + B)	55,000

**CHEQUES DEPOSITED BUT NOT YET COLLECTED**

Due to the time gap between the deposits of cheques and their collection, the Bank Balance as per Pass Book will be lower than the Bank balance as per Cash Book since the customer debits the Bank's account as soon as a cheque is deposited but the bank credits the customer account only when the cheque is actually collected.

**Example** X Ltd. deposited a cheque on 28th March, for a sum of ₹ 5,000. The cheque is collected on 4th April. In case the bank sends a statement of account upto 31st March, there will be a difference of ₹ 5,000 between the balance as shown by the Cash Book and the balance as shown by the Pass Book. If the Bank Balance as per Cash Book as on 31st March is ₹ 50,000, the Bank Reconciliation Statement may be prepared as under:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. <i>Less:</i> Cheques deposited but not yet collected till 31st March	5,000
C. Balance as per Pass Book (A – B)	45,000

**BANK CHARGES AND INTEREST CHARGES**

Bank Charges includes the Draft Commission, charges for collecting the outstation cheques or B/R, Half years' charges. Due to the charges levied by the Bank for its services, the Bank balance as per Pass Book will be lower than the Bank balance as per Cash Book since the Bank debits the customer's account as soon as the service is rendered but the customer credits the bank's account only when he comes to know of such charges on the receipt of the statement of account.

**Example** A bank debited X Ltd's account for its charges amounting to ₹ 500 on 31st March. In case the bank sends a statement of account up to 31st March, there will a difference of ₹ 500 between the balance as shown by the Cash Book and the balance as shown by Pass Book. If the Bank Balance as per Cash Book as on 31st March is ₹ 50,000, the Bank Reconciliation Statement may be prepared as follows:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. <i>Less:</i> Bank Charges levied by the bank but not yet recorded in Cash Book	500
C. Balance as per Pass Book (A – B)	49,500

**INTEREST ALLOWED BY BANK**

Due to Interest (if any) allowed by the bank, the bank balance as per Pass Book will be higher than the bank balance as per Cash Book since the bank credits the customer's account when interest is allowed but the customer debits the bank's account only when he comes to know of such interest on the receipt of Bank Pass Book.

**Example** A bank credited X Ltd's account for interest amounting to ₹ 500 on 31st March. In case the bank sends a statement of account upto 31st March, there will be a difference of ₹ 500 between the balance as shown by the Cash Book and the balance as shown by the Pass Book. If the Bank Balance as per Cash Book as on 31st March, is ₹ 50,000, the Bank Reconciliation Statement may be prepared as under:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. <i>Add:</i> Interest allowed by bank but not yet recorded in Cash Book	500
C. Balance as per Pass Book [A + B]	50,500

**DIRECT PAYMENTS ON BEHALF OF CUSTOMERS**

Due to the direct payments on behalf of customers under standing instructions of the customers (e.g. payment of Insurance premium, payment of a Bills Payable), the Bank balance as per Pass Book will be lower than the Bank balance as per Cash Book since the bank debits the customer's account as soon as it makes the payments but the customer credits the Bank's account only when it comes to know of such payments on the receipt of Bank Pass Book or Statement of Account.

**Example** The Bank made a payment of an Insurance Premium under the standing instructions of X Ltd. amounting to ₹ 5,000 on 28th March. In case, the bank sends a statement of account upto 31st March, there will be a difference of ₹ 5,000 between the balance as shown by the Cash Book and the balance as shown by the Pass Book. If the Bank balance as per Cash Book as on 31st March is ₹ 50,000, the Bank Reconciliation Statement may be prepared as follows:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. <i>Less:</i> Direct Payment by Bank but not yet recorded in Cash Book	5,000
C. Balance as per Pass Book (A – B)	45,000

**DIRECT COLLECTIONS ON BEHALF OF CUSTOMERS**

Due to direct collections on behalf of customers under the standing instructions of the customers (e.g. collection of B/R, Rent, Interest, Dividend etc.) the Bank balance as per pass book will be higher than the Bank balance as per Cash Book since the Bank credits the customers account as soon as it gets the payment but the customer debits the Bank's account only when it comes to know of such collections on the receipt of Bank Pass Book or Statement of Account.

**Example** The Bank collected a Bill Receivable of ₹ 5,000 under standing instructions of X Ltd. on 28th March. In case the Bank sends a Statement of account upto 31st March, there will be a difference of ₹ 5,000 between the balance as shown by the Cash Book and the balance shown by the Pass Book. If the Bank Balance as per Cash Book as on 31st March is ₹ 50,000, the Bank Reconciliation Statement may be prepared as under:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. <i>Add:</i> Direct Payments collected by the bank but not yet recorded in Cash Book	5,000
C. Balance as per Pass Book (A + B)	55,000

**DISHONOUR OF A CHEQUE DEPOSITED  
AND DISCOUNTED BILLS RECEIVABLE**

Due to dishonour of a cheque (already credited in the Customer's Account) and Discounted Bills Receivable, the Bank balance as per Pass Book will be lower than the Bank balance as per Cash Book since the Bank debits the customer's account as soon as the cheque/B/R is dishonoured but the customer credits the Bank's account only when it comes to know of such dishonour on the receipt of statement of account.

**Example** A discounted Bill dishonoured for ₹ 5,000 on 28th March. In case the Bank sends a Statement of Account upto 31st March there will be a difference of ₹ 5,000 between the balance as shown by the Cash Book and the balance as shown by the Pass Book. If the Bank balance as per Cash Book on 31st March, is ₹ 50,000 the Bank Reconciliation Statement may be prepared as under:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. <i>Less:</i> Discounted B/R dishonoured but not yet recorded in Cash Book	5,000
C. Balance as per Pass Book (A – B)	45,000

**ERRORS IN CASH BOOK**

Due to errors in Cash Book, there may be difference between the Bank balance as shown by the Pass Book and the Bank balance as shown by the Cash Book. The examples of the errors in Cash Book may include the items given below:

1. **Errors of Omission** e.g. cheques/cash deposited but not recorded in the Cash Book, Cheques issued but not recorded in the Cash Book, Cash withdrawn from the Bank but not recorded in the Cash Book.
2. **Errors of Recording** e.g. cheques deposited into the bank but recorded in the Cash Column/Discount Column, cheque deposited into the bank but recorded in the Bank column on the payments side of the Cash Book, a cheque of ₹ 1,552 deposited into the bank but recorded as ₹ 1,525, a discount allowed ₹ 100 recorded in Bank Column, Cash received ₹ 1,000 recorded in Bank Column.
3. **Errors of Casting** e.g. Under/Over casting of Bank Column of the Cash Book.
4. **Errors of Carrying Forward** e.g. the debit balance on the previous day brought forward as a credit balance, the Bank balance carried forward as ₹ 15,889 instead of ₹ 15,898.
5. **Other Errors** e.g. cheque received from a debtor recorded in the Cash Book but not deposited into the Bank for collection.

**Example** A cash deposit of ₹ 1,589 was recorded as ₹ 1,598 in Cash Book on 28th March. In case the bank sends a statement of account upto 31st March there will be difference of ₹ 9 between both the balances. If the Bank balance as per Cash Book on 31st March is ₹ 50,000, the Bank Reconciliation Statement may be prepared as under:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. Less: Excess Debit for Cash Deposited in Cash Book	9
C. Balance as per Pass Book [A – B]	49,991

**ERRORS IN PASS BOOK**

Due to error in the Pass Book, there may be difference between the balance as shown by the Bank Pass Book and the balance as shown by the Cash Book. The examples of errors in Pass Book may include the following:

1. Errors of Omission e.g. cheque collected by bank but not recorded in pass book due to wrong posting in another customer's account.
2. Errors of Recording e.g. deposit recorded on withdrawal side and vice versa; deposit of ₹ 1,589 recorded as ₹ 1,598.
3. Errors of Casting e.g. Deposit Column/withdrawal columns under/over cast.
4. Errors of Carrying Forward e.g. debit balance on the previous page brought forward as a credit balance on the next page, the balance of ₹ 15,889 carried forward as ₹ 15,898.

**Example** A Cash deposit of ₹ 1,589 was recorded as ₹ 1,598 in Pass Book on 31st March. In case the bank sends a statement of account upto 31st March, there will be a difference of ₹ 9 between both the balances. If the Bank Balance as per Cash Book as on 31st March is ₹ 50,000, the Bank Reconciliation Statement may be prepared as under:

**BANK RECONCILIATION STATEMENT AS AT 31ST MARCH ...**

<i>Particulars</i>	₹
A. Balance as per Cash Book	50,000
B. Add: Excess Credit for Cash Deposited in Pass Book	9
C. Balance as per Pass Book [A + B]	50,009

On comparing the Cash Book of Mr Tulsian with the Bank Pass Book, the following discrepancies were noted:

- Out of ₹ 20,500 paid in cash and by cheques into the bank on 27th March, cheque amounting to ₹ 7,500 were collected on 7th April.
- Cheque and cash amounting to ₹ 4,800 were deposited in bank on 26th March but credit was given for ₹ 3,800 only.
- Out of cheques amounting to ₹ 7,800 drawn on 26th March a cheque for ₹ 2,500 was encashed on 3rd April.
- Cheques issued to creditor amounting to ₹ 20,000 on 25th March of which cheques worth ₹ 3,000 were presented to bank up to 31st March.
- A cheque for ₹ 1,000 entered in Cash Book but omitted to be banked on 31st March.
- A cheque for ₹ 600 deposited into bank but omitted to be recorded in Cash Book and was collected by the bank on 30th March.
- A bill receivable for ₹ 520 previously discounted (Discount ₹ 20) with the bank had been dishonoured but advice was received on 1st April.
- A bill for ₹ 10,000 was retired/paid by the bank under a rebate of ₹ 150 but the full amount of the bill was credited in the bank column of the Cash Book.
- A cheque of ₹ 1,080 credited in the Pass Book on March 28 being dishonoured is debited again in the Pass Book on 1st April. There was no entry in the Cash Book about the dishonour of the cheque until 15th April.
- A cheque of ₹ 200 drawn on his Saving Deposit Account has been shown as drawn on Current Account in Cash Book.

**Required:** Prepare a Bank Reconciliation Statement as at 31st March if the Balance as per Cash Book on 31st March was ₹ 39,570.

**9.0 PREPARATION OF BANK RECONCILIATION STATEMENT WITH ADJUSTED/AMENDED CASH BOOK BALANCE**

1. In case the Bank Reconciliation Statement is required to be prepared at the end of an accounting period, it is recommended that first, the Cash Book (with amended Bank column) should be prepared in order to ascertain the correct Bank Balance as per Cash Book and then the Bank Reconciliation Statement should be prepared to reconcile this correct Bank Balance as per Cash Book with the balance as per Bank Pass Book.
2. It may be noted that it is the adjusted Cash Book Balance which is taken to the Balance Sheet. Now the question arises, “How to calculate the adjusted Cash Book Balance?”
3. The adjusted Cash Book Balance can be ascertained:
  - (a) **By Passing Adjusting entries in respect of correct items which appear only in Pass Book** (e.g. Bank Charges, Interest charged on overdraft, Interest allowed by Bank, Dividend/Interest/Bills Receivable directly collected by Bank, Direct Payment by Bank under standing instructions of customers). and
  - (b) **By Passing Rectifying entries in respect of errors committed in the Cash Book** (e.g. cheque issued but recorded in Cash Column/Discount Column, Cheques issued recorded in Bank Column with wrong amount, over/under cast of Bank Column, error in Balancing the Bank Column, error in carry forward/brought forward of bank balance).
4. Format of Bank Reconciliation Statement when Adjusted Balance as per Cash Book is taken as starting point
